

400V 230V Diesel Generator Power Supply High Efficiency

Our Product Introduction

For more products please visit us on diesels-generators.com

Basic Information

- Place of Origin: China
- Certification: ISO9001
- Minimum Order Quantity: 1
- Price: Negotiation
- Packaging Details: Wood case
- Delivery Time: 10-15 days
- Payment Terms: L/C, D/A, D/P, T/T, Western Union, MoneyGram
- Supply Ability: 1000 pieces per week

Product Specification

- Efficiency: High
- Voltage: 400V/230V
- Phase: 3 Phase
- Power: 20-1000kW
- Product Name: Diesel Generator
- Speed: 1500rpm/1800rpm
- Frequency: 50Hz/60Hz
- Highlight: **230V Diesel Generator, High Efficiency Diesel Generator**

Product Description

Product Description:

Diesel Generator is an advanced power solution that offers reliable performance and efficient operation. It comes with a one-year warranty and can operate at a voltage of 400V/230V in three-phase. This generator is designed to operate with low noise level and it runs on diesel fuel. It is a robust and reliable power generator that provides reliable and efficient performance. Diesel Generator is a great choice for those looking for a reliable power solution. It offers maximum efficiency and can be used in a variety of applications.

Features:

Product Name: Diesel Generator

Warranty: 1 Year

Speed: 1500rpm/1800rpm

Phase: 3 Phase

Starting System: Electric Start

Noise Level: Low

Diesel Generating Equipment

Diesel Generating Machine

Technical Parameters:

Parameter	Value
Product Name	Diesel Generator
Power	20-1000kW
Noise Level	Low
Frequency	50Hz/60Hz
Starting System	Electric Start
Controller	
Fuel	Diesel
Warranty	1 Year
Voltage	400V/230V
Efficiency	High

Applications:

Diesel Generator: Applications and Scenarios

Diesel Generator is an ideal choice for a variety of applications and scenarios. This diesel power generating machine is manufactured by , a leading brand in China, and is certified by ISO9001. Featuring an electric start system, low noise level, and frequency of 50Hz/60Hz, it can provide power ranging from 20-1000kW. The minimum order quantity is only 1 piece and the delivery time is only 10-15 days. Moreover, the package can be customized according to customer's needs, usually in a wooden case. The price is negotiable, and the payment terms include L/C, D/A, D/P, T/T, Western Union, and MoneyGram. The supplier promises a supply ability of up to 1000 units per week, and a 1-year warranty is provided for the product.

Customization:

Diesel Generator is a reliable and powerful diesel generator equipped with an engine. It has a low noise level, and its frequency is adjustable between 50Hz and 60Hz. It provides power ranging from 20 to 1000kW, making it suitable for multiple applications. Our Diesel Generating Machine is certified by ISO9001 and ensures a high quality standard.

The minimum order quantity is 1 and the price is negotiable. The packaging details are wood case, and the delivery time is 10-15 days. We accept various payment terms, such as L/C, D/A, D/P, T/T, Western Union, and MoneyGram. Our Supply Ability is 1000 pieces per week.

If you are looking for a reliable and high-performance Diesel Generator, don't hesitate to contact us. Our Diesel Generating Equipment is made in China with the highest quality standards.

Support and Services:

Diesel Generator Technical Support and Service

Our team of experts is here to help you with any questions or issues you may have with Diesel Generators.

24/7 technical support for any technical issues you may have

Regular maintenance and service checks to ensure optimal performance

Replacement parts for any damaged or worn components

Warranty and repair services for any problems that may arise

If you need help or have any questions, please don't hesitate to contact us. We're here to help you get the most out of your Diesel Generator.

Packing and Shipping:

Packaging and Shipping for Diesel Generator

Diesel Generator will be securely packaged to ensure that it is well-protected during transit. The generator will be shipped in a wooden crate with additional cushioning material like styrofoam or bubble wrap inside to minimize shock during transit. The crate will be sealed and secured with heavy-duty strapping or other fasteners.

The shipping method will depend on the delivery destination. For domestic delivery, Diesel Generator will be shipped via ground freight. For international delivery, it will be shipped via air freight.
